

SUMMARY

Omerse is a point-of-sale solution for small businesses.

Omerse point-of-sale is an “all-in-one” solution that connects POS hardware, software, credit card machines, credit card processing and peripherals, providing one cohesive solution for merchants to operate and grow their business.

Omerse POS includes all core business apps a merchant needs to run their company. There are three business segments for a merchant to choose from: Retail, Service, Food.
